EPOS | BARCO

Intuitive Hybrid Meetings with EPOS and Barco

EPOS partners with Barco to provide users with intuitive, seamless hybrid meetings.

Barco empowers seamless collaboration with its wireless meeting room system ClickShare. Paired with EPOS premium audio and video devices, ClickShare allows you to easily join hybrid meetings with just one click via your preferred UC platform, such as Microsoft Teams, Zoom, or Google Meet.

Bring Your Own Meeting (BYOM)
With EPOS Meeting Room Solutions and ClickShare, you are in control. By connecting ClickShare to your laptop with USB, you will drive the meeting and room technology from your own laptop.

Why EPOS

- High-end audio and video solutions that help you improve focus and perform better during hybrid meetings.
- EPOS devices are compatible with leading UC providers, delivering a flexible BYOM experience. Use the platform of your choice.
- Hear and be heard using EPOS' award-winning speakerphones that are intuitive, flexible, and simple to use.
- EPOS Meeting Room Solutions are easy to install, helping you enhance hybrid meetings and empower your hybrid workforce.
- Flexible deployment with EPOS and ClickShare lets you speed up the implementation of meeting room solutions in your organization.

Why Barco

- ClickShare lets you enjoy simple, easy, and wireless meetings with just one click.
- Bring Your Own Meeting and manage the meeting and room technology by connecting your own laptop to ClickShare. Works with any AV or room setup.
- ClickShare works with all major video conferencing platforms and meeting room equipment. Use the platform of your choice.
- Zero learning curve. Thanks to an intuitive user experience, ClickShare is easy to use for all.
- Easily configure ClickShare with your room camera and speakerphones via ClickShare Configurator or XMS Cloud.
