

EASY COMMUNICATION

PC 21-II

PC 21-II

The PC 21-II is a single-sided headset that lets you enjoy phoning over the internet – while keeping an ear on what's going on around you. It's easy-to-use, and features improved noise-canceling technology for great voice clarity. It is ideal for using speech recognition applications.

Benefits and Features:

- Sennheiser sound – a quality speaker delivers great acoustic performance
- Noise canceling clarity – the microphone filters out ambient noise, so your voice is always clear and easy to understand
- Reliable speech recognition – the microphone is specially designed for your device's speech recognition function
- Keep one ear free – the single-sided design keeps you in touch with your surroundings
- Fully flexible boom arm – adjust the microphone for optimal voice pick-up and comfort
- Light and comfortable – with the lightweight headband, it's easy to forget you are even wearing a headset
- Peace of mind – thanks to the 2-year international warranty
